## PROFESSIONAL SUMMARY

As a highly motivated and passionate computer Science student. my goal is to pursue a fulfilling career in software development. Ability to work independently as an individual contributor as well as a team with excellent team Spirit. Where I can utilize my skills in coding, development. I am able adopt to new methodologies and technologies quick and continuously learning and growing as a developer in order to achieve success in this field.

## WORK PROFILE

### ➤ VVnT Sequor

Working on React Js and Spring boot

#### Project Description

Project Name: Testing Platform

Role: [React Js , spring boot framework, My SQL]

Technologies: Backend: Spring Boot, Java 17

Frontend: React Js , html, CSS, Bootstrap

Database: MySQL

Others: Maven, REST APIs Project

Overview: The objective is to design a robust Verification, Validation, and Testing that ensures comprehensive test coverage of digital solutions.

## EDUCATION

- B.Tech (2024) from Hi-Tech Institute of Engineering & Technology (AKTU), Ghaziabad
- Intermediate (2020) from Leelawati Public School (CBSE), Ghaziabad
- High School (2018) from Leelawati Public School (CBSE), Ghaziabad

## TECHNICAL SKILLS

### Front-End

- HTML
- CSS
- React Js

### Back-End

- Java
- OOPS
- J2EE

### Framework

- Bootstrap
- Spring Boot

### Database

- MySQL

## PROJECTS

---

### KIRAYA APPLICATION

- This application used to provide a car rental with easiest way like Aadhar card and pan card and DL verification.
- It saves time and money of the user by the use of this application.it provide home delivery also within 5-10 min (2km range).
- I used many languages to build this application like (MYSQL,JSP,JAVA,HTML,CSS AND REACT JS).
- User Interface (UI) Design: I used Figma and other website for design the application Interface.

### WHOLESALE MANAGEMENT SYSTEM

- Build using JSP , Servlet , JDBC , HTML , CSS and REACT JS in this there is a setup of vendors with login system and user will be displayed the different buttons.
- The user can select from those functionalities and can select which vendor is selling what item and its colour, price ,quantity, addition, deletion of added or updated items and there is a master information system for the vendor to see the all information about the vendors etc. and easy to use system.

## CERTIFICATES & INTERNSHIPS

---

- SOFTCOPY IT SERVICES Pvt.Ltd
- AGILE SOFTECH Pvt.Ltd
- NASSCOM
